Freezing Wild, the Platin Gaming endeavor to deliver a novel gaming experience to an old-school audience, presenting some modern features while paying tribute to the classics in terms of the design.

Loading the game will take players to a standard 5x3 reel set with 5 ways to play. Freezing Wild offers perfect aesthetics when it comes to the game's appearance and dynamic as it boasts highly-polished symbols as well as smooth animations. The wallpaper is simple though, with fiery blue colors dominating the color scheme, and animated freezing effect behind the grid.

## Freezing Wild - Bonus Features

As the title implies, Wild symbols play a central role in the gameplay here. They are represented by a polar bear, which acts as a substitute for any other regular symbols. They land only on reels 2, 3, and 4, and whenever they do, they expand to cover the reel entirely.
