SORT DESCRIPTION

Back in the Old West, thousands of cowboys, outlaws and gunfighters pushed their way westward in search of land and better lives. In order to gain authority, one had to demonstrate his skills during close-up and personal fights. Golden Bullets is an extremely animated game, full of motion and surprises. Most of the symbols are linked to an old West background and the player will have the amazing feeling of being in a cowboy film, surrounded by wild symbols such as a proud horse, revolvers, intriguing characters and many other wild icons. While the environment will make your adventure incredibly appealing, Golden Bullets includes also special bonuses that truly go beyond expectation! For sure it will be interesting to know who is going to win the battle, as the black powder smoke from the pistols will darken the air! Golden Bullets is a slot machine that involves 5-reels with multiple paylines.

1 GAME DESCRIPTION

Golden Bullets is a 5-reel, 3-rows, 10-payline game. The number of lines is fixed.

The different symbols on each reel pay (according to the paytable) if the same symbol appears in a line from left to right. For instance, if symbol KING appears on the first, second and third position of line 5, this is awarded as a 3-of-a-kind KING win. Only the highest win of each line is awarded, and all wins are added together.

The game has two mutually exclusive Bonus features:

- Freespin Bonus feature: triggered by 3, 4 or 5 SCAT symbols appearing anywhere on the reels, awards 5, 10 or 15 freespins respectively. Additional freespins cannot be won during bonus feature.
- Super Freespin Bonus feature: triggered by 3 BONUS symbols appearing only on reels 1, 3, 5, awards a random number of freespins (5, 8, 10, 20, 30) with a randomly chosen win multiplier (2x, 3x, 5x, 7x, 10x, 20x times the win on the line). Additional Super Freespins cannot be won during bonus feature.
