1 GAME DESCRIPTION

Voodoo Jungle is a 5-reel, 3-rows, 10-payline game. The number of lines is fixed.

The different symbols on each reel pay (according to the paytable) if the same symbol appears in a line from left to right. For instance, if symbol KING appears on the first, second and third position of line 5, this is awarded as a 3-of-a-kind KING win. Only the highest win of each line is awarded, and all wins are added together.

The game has two mutually exclusive Bonus features:

- Freespin Bonus feature: triggered by 3, 4 or 5 SCAT symbols appearing anywhere on the reels, awards 5, 10 or 15 freespins respectively. Additional freespins cannot be won during bonus feature.
- Super Freespin Bonus feature: triggered by 3 BONUS symbols appearing only on reels 1, 3, 5, awards a random number of freespins (5, 8, 10, 20, 30) with a randomly chosen win multiplier (2x, 3x, 5x, 7x, 10x, 20x times the win on the line). Additional Super Freespins cannot be won during bonus feature.

| (0.94 , 0.98] | 20 |

| (0.99 , 1] | 20 |

On every spin the game engine will draw 5 random numbers to select the stop positions for all 5 reels, each one of these numbers is drawn in the $[0, d-1]$ domain where d is the length of the reel.
